Approximately 550 of the major reference sources in sociology, its subdisciplines, and some related disciplines are identified and described in this new edition of Aby's critically acclaimed book. Emphasis is on works in English published in the last decade—indexes, bibliographies, handbooks, databases, World Wide Web sites, dictionaries, and other print and electronic reference and information sources—but some classic sources in other languages or that precede this period are included. Virtually all sources in the book have been thoroughly examined and described by the compiler. The addition of approximately 250 new titles and electronic sources, as well as updates and the inclusion of new editions of previously cited titles, makes this a...
substantial revision of and complement to the first edition. A valuable resource for librarians, faculty, and undergraduate and graduate students, this book will also be useful to researchers.

**Social Movements**

Many people of all ages today continue to be attracted to sociology and other social sciences because of their promise to contribute to better political, social, and moral understandings of themselves and their social worlds—and often because they hope it will help them to build a better society. In a world of new movements and deepening economic inequality following the Great Recession, this new edition is vital. It features dozens of new examples from the latest research, with an emphasis on the next generation of liberation sociologists. The authors expand on the previous edition with the inclusion of sections on decolonisation paradigms in criminology, critical speciesism, and studies of environmental racism and environmental privilege. There is an expanded focus on participatory action research, and increased coverage of international liberation social scientists. Work by psychologists, anthropologists, theologians, historians, and others who have developed a liberation orientation for their disciplines is also updated and expanded.

**Staying Alive, Third Edition: Critical Perspectives on Health, Illness, and Health Care**

**Law and Society Redefined**

Now in its second edition, and with a new foreword by Wallace Clement, this original and timely book focuses on critical issues surrounding work and labour in Canada. It examines changes to the labour market and in the workplace, with a strong empirical component based on the most recent Statistics Canada data. An ideal text for Sociology of Work, and a wide range of courses in Labour Studies and Industrial Relations programs across Canada. New to this edition: All chapters substantially revised and thoroughly updated. A discussion on the causes of the current economic crisis and its roots in the labour market, including a special appendix. More emphasis on the fortunes of racialized Canadian-born workers as opposed to recent immigrants. Brand new chapter on young workers. Up-to-the-minute newspaper articles on the current global economic crisis. Added
material on occupational health and safety emphasizing the connection between work and health. More on older workers and retirement. New material on workers’ rights as well as non-standard and precarious work. New approaches to management.

**Sociology in Action**

Principles of Sociology: Canadian Perspectives, third edition, is a concise introduction to sociological theory and Canadian society. In this contributed text, experts from across Canada carefully weave core concepts and theory with the most up-to-date research, historical events, and life-course examples to create a rich learning experience.

**Sociology for Nurses**

Cities are not just locations on a map: they are diverse places in which human interaction unites and divides, stimulates and antagonizes, is structured and resisted. Bringing together 17 chapters contributed by experts in the field, Urban Canada offers a composite sketch of the dynamics of urbanization and the layered structure of urban life in Canada today. Updated and revised throughout, this third edition incorporates cutting-edge research and offers brand-new chapters on urban public spaces and urban sustainability.

**Elements of Sociology**

In recent years, sociologists have taken up a fruitful examination of institutions such as capital, labor, and product markets; industrial organization; and stock exchanges. Compared to earlier traditions of economic sociology, recent work shows more interest in phenomena usually studied exclusively by economists. At the same time, recent work challenges the adequacy of the neoclassical model. In The Sociology of Economic Life, editors Granovetter and Swedberg incorporate classic and contemporary readings in economic sociology and related disciplines to provide students with a broad understanding of the many dimensions of economic life. A thorough and accessible introduction by the editors traces the history of thought in the field and assesses recent advances and future trends. The third edition is substantially revised and updated with eight new
chapters, including original contributions from some of the field's leading scholars that explain cutting-edge research and critically review the essential scholarship in the field.

Canadian Essentials of Nursing Research

Complements Contemporary sociological theory.

This third edition of this best-selling book confirms the ongoing centrality of feminist perspectives and research to the sociological enterprise, and introduces students to the wide range of feminist contributions in key areas of sociological concern. Completely revised, this edition includes: new chapters on sexuality and the media, additional material on race and ethnicity, disability and the body, and many new international and comparative examples. The influence of theories of globalization and post-colonial studies. In addition, the theoretical elements have also been fully rethought in light of recent developments in social theory. Written by three experienced teachers and examiners, this book gives students of sociology and women's studies an accessible overview of the feminist contribution to all the key areas of sociological concern.

Sociology in Action

The essence of sociology lies in the sociological imagination. Sociology in Action: A Canadian Perspective, Second Edition articulates the importance of developing a sociological imagination and highlights the tools that are necessary to develop that skill: empirical research methods that create verifiable knowledge, sociological theories that explain that knowledge, and critical thinking that enables us to evaluate and to extrapolate from that knowledge. By the time students have completed this text, they will be better equipped to engage in effective social action in the context of their families, communities, and professions, as well as in the context of larger social problems such as social inequality and environmental degradation. With their signature passion
and clarity of style, Diane Symbaluk and Tami Bereska have created a text that will inspire 21st-century learners to become active and informed citizens.

**Essential Concepts in Sociology**

Social life is in a constant process of change, and sociology can never stand still. As a result, sociology today is a theoretically diverse enterprise, covering a huge range of subjects and drawing on a broad array of research methods. Central to this endeavour is the use of core concepts and ideas which allow sociologists to make sense of societies, though our understanding of these concepts necessarily evolves and changes. This clear and jargon-free book introduces a careful selection of essential concepts that have helped to shape sociology and others that continue to do so. Going beyond brief, dictionary-style definitions, Anthony Giddens and Philip W. Sutton provide an extended discussion of each concept which sets it in historical and theoretical context, explores its main meanings in use, introduces relevant criticisms, and points readers to its ongoing development in contemporary research and theorizing. Organized in ten thematic sections, the book offers a portrait of sociology through its essential concepts, ranging from capitalism, identity and deviance to globalization, the environment and intersectionality. It will be essential reading for all those new to sociology as well as anyone seeking a reliable route map for a rapidly changing world.

**Introduction to Sociology 2e**

"Completely revised With timely content and state-of-the-art research undertaken by Canadian nurse researchers, the Third Edition of this trusted resource provides the guidance you need to effectively critique every aspect of nursing research and apply the results to clinical practice. Canadian Essentials of Nursing Research uses clear, straightforward language and a "user-friendly" presentation to help you understand, retain, and apply fundamental concepts with ease." --Book Jacket.

**Classical Sociological Theory**

Series: a href="http://www.oup canada.com/tcs/"Themes in Canadian Sociology/aWritten by one of Canada's most prominent socio-legal scholars, Law and Society Redefined is a comprehensive introduction to law and society. Drawing on the foundational contributions of such prominent social theorists as Emile Durkheim, Max Weber, and Michel Foucault, author George Pavlich usessocial theory to explore the relationship between law and society. With extensive coverage of many of the most important topics in socio-legal studies, including morality, race, gender, and violence, the text questions the traditional definition of the 'sociology of law' to determine how the fieldhas developed, while also examining the ideas and critiques that might redefine it in the future.

Aboriginal Voices and the Politics of Representation in Canadian Introductory Sociology Textbooks

Series: a href="http://www.oup canada.com/tcs/"Themes in Canadian Sociology/aChildren in Canada Today is the latest addition to the popular Themes in Canadian Sociology Series published by OUP Canada. Throughout this engaging text, author Patrizia Albanese explores the process through which children become members of our society-how, where, when, and with whom children grow up to be socially 'functioning' adults. The roles played by various 'agents of socialization' and the places and situations in which socialization takes place are also discussed. Perfect for sociology courses about children, family, socialization, the lifecycle, social policy, and social problems,Children in Canada Today provides an accessible, insightful look at childhood in this country.

Canadian Working-class History
Still the most comprehensive and reader-friendly Canadian introduction to sociological theory and issues available, this highly anticipated third edition will encourage students to identify and analyze how sociology intersects with their own lives. With chapters contributed by over 30 renowned Canadian sociologists writing in their areas of expertise, this book offers extensive Canadian and international examples and a unified voice throughout. Incisive, authoritative, and accessible, Sociology: A Canadian Perspective, third edition, offers an engaging and in-depth introduction to this fascinating discipline.

Social Problems

Sociology for Nurses has become a leading textbook and an invaluable companion for students wishing to get to grips with how sociology can positively transform professional nursing practice. This thoroughly revised new edition maintains its commitment to providing jargon-free explanations of sociological theories and evidence to show how studying sociology can be useful in all branches of nursing. Readers will develop a clear understanding of what sociology is and why it is essential to practice, gain deeper awareness of social issues such as gender, ethnicity, class and the life course, and become more familiar with the social contexts of health policy and nursing as a profession. With updates in every chapter, the third edition includes a new chapter on research methods, a reorganized collection of chapters on health policy, extended coverage of long-term illness and disability, as well as contemporary case studies on topical healthcare issues such as dementia, the ‘obesity epidemic’ and recent attempts to integrate health and social care. In addition, the book provides clearly defined learning aims, a useful glossary of sociological concepts, structured activities and questions for discussion, and annotated suggestions for further reading. The editors and contributing authors to the book have a wealth of experience teaching sociology to nurses at diploma and degree pre-registration and post-registration levels. Their book will continue to spark interest and debate among all student nurses, particularly those approaching sociology for the first time. Please visit the accompanying website at: http://www.politybooks.com/sociologyfornurses.

The Sociology of Economic Life

Still the most comprehensive and accessible Canadian introduction to sociological theory and issues available,
this fourth edition encourages students to identify and analyze how sociology intersects with their own lives. With chapters contributed by over 30 renowned Canadian sociologists writing in their areas of expertise, this book offers extensive Canadian and international examples and a unified voice throughout. New to this edition is a chapter on technology and society that examines a number of fascinating issues - from technology and inequality, to online identity, to cyberbullying and online deviance - giving students insight into how technology has affected their everyday lives. The text also includes a new "Researchers in Action" boxed feature that profiles Canadian sociologists, giving students examples of the exciting work that has been undertaken in various sub-disciplines of sociology, right here in Canada. Incisive, authoritative, and engaging, Sociology: A Canadian Perspective offers an in-depth introduction to this dynamic discipline.

Principles of Sociology

Reading Sociology

This highly original and compelling book offers an introduction to the art and science of social inquiry, including the theoretical and methodological frameworks that support that inquiry. The new edition offers coverage of post-modernism and Indigenous ways of knowing, as well as a discussion of the research process and how to communicate arguments effectively. The result is a book that blends the best of earlier editions with updates that provide a strong foundation in critical thinking, rooted in the social sciences but relevant across disciplines.

Family Matters

The philosophical underpinnings of this textbook make it a most interesting read for scholars of Aboriginal Studies, the social sciences, humanities and cultural studies and humanistic curriculum development. John Steckley's familiarity with and respect for the epistemology of the Huron, Mohawk and Ojibwa peoples enlightens and enables his research. In this book, he provides a critical framework for assessing Aboriginal content in introductory sociology textbooks. He defines what is missing from the seventy-seven texts included
in his study of the manifestation of cultural hegemony in Canadian sociology textbooks. This critique is suitable for students and professors of sociology, as Dr. Steckley addresses the impact of the ellipses from the textbooks they have traditionally used.

**Principles of Sociology**

Note: If you are purchasing an electronic version, MySocLab does not come automatically packaged with it. To purchase MySocLab, please visit [www.MySocLab.com](http://www.MySocLab.com) or you can purchase a package of the physical text and MySocLab by searching for ISBN 10: 0132882213 / ISBN 13: 9780132882217. Through its distinctive approach to the field, its readability, and its relevance to students' lives, Exploring Sociology: A Canadian Perspective, Third Edition, helps professors develop the sociological imagination in their students by encouraging them to see sociology through multiple lenses. Topics are presented in ways that allow students to engage with the material and to exercise their sociological imaginations.

**Urban Canada**

This is a core text for courses in social problems. Using a strong Canadian perspective, it examines the social dynamics and consequences of social problems (such as unemployment, poverty, global inequality) through the lens of the main sociological paradigms. It takes a broad approach and examines the social construction of social problems and the impact of social problems on individual and societal health. Possible solutions for individuals and society at large are examined.

**Canadian Society in the Twenty-first Century**

This best-selling comprehensive book conveys the relevance of sociology by presenting a timely collection of theories, research, and examples -- including its signature first-person accounts that open many chapters. These lived experiences are relevant to students and introduce themes that provide a framework for learning the chapter material. Kendall's vivid and inviting writing style, emphasis on applications, and eye for compelling current examples further highlight sociology's relevance to all students. Now in its eleventh edition,
SOCIOLOGY IN OUR TIMES is acclaimed for being the first textbook to integrate race, class, and gender issues, and for its thorough presentation of sociological theory, including contemporary perspectives such as feminism and postmodernism. This edition focuses more on social/global change and on the contemporary world, presenting such current debates as bullying and social media abuse, digital-age methods to increase school attendance, food trucks and the spread of culture, modern slavery, and weight bias. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Sociology

We are all affected by the changing nature of work in Canada and the changing lives of the people who do the work. This book focusses on the working class in Canada; its history, its politics, and its social groups. This is a strong collection which includes articles on the impact of various factors on the history of labour, such as environment, race, and gender.

Sociology

Now in its second edition, Canadian Society in the 21st Century: A Historical Sociological Approach opens up an engaging and much-needed overview of our society, at a level appropriate for a wide range of courses in Canadian Studies, Sociology, and History. This original work examines the growth and development of Canadian society within a socio-historical framework. The authors investigate historical, economic, political, cultural, and ideological perspectives through three key relationships: Quebec and Canada, Canada and the United States, and Canada and the Aboriginal Nations. Examines society as a set of relationships that emerge gradually over time as fostered, encouraged, and mediated by a set of institutions, in particular, the state and markets. Explores society as the product of an historical narrative - a movie, rather than a snapshot - which enlists many literary devices, including myths, metaphors, symbols, heroes, villains, and tragic figures. Identifies the complex relationship between individuals and society. Students are asked to consider to what extent individuals create society, and conversely, to what extent society creates individuals.
The Sociology of Education in Canada

This collection of classic and contemporary essays provides a detailed, engaging, and altogether current study of gender that focuses on Canadian themes and scholars.

Exploring Sociology

Sociology: A Canadian Perspective, third edition, is a comprehensive and engaging introduction to sociology. Drawing on the many dimensions of social life, this text offers a detailed overview of social theory and Canadian society.

Work and Labour in Canada

Social movements around the world have used a wide variety of protest tactics to bring about enormous social changes, influencing cultural arrangements, public opinion, and government policies in the process. This concise yet in-depth primer provides a broad overview of theoretical issues in the study of social movements, illustrating key concepts with a series of case studies. It offers engaging analyses of the protest cycle of the 1960s, the women's movement, the LGBT movement, the environmental movement, right-wing movements, and global social justice movements. Author Suzanne Staggenborg examines these social movements in terms of their strategies and tactics, the organizational challenges they faced, and the roles that the mass media and counter-movements played in determining their successes and failures.

Sociology in Our Times Canadian 3rd Edition (School)

Published in partnership with the Canadian Sociological Association (CSA), Reading Sociology offers students a wide-ranging and accessible overview of current sociological research in Canada. With over 65 expertly-edited selections by both well-known and up-and-coming CSA members, the reader is organized into 16 thematic parts that explore the main areas of sociological inquiry - from inequality, education, and deviance to politics and...
mass media. This third edition is composed entirely of new readings and includes a brand new cross-referencing guide to help instructors and students make conceptual connections between the readings.

The Gendered Society Reader

Elements of Sociology: A Critical Canadian Introduction has become a cornerstone of Oxford's domestic sociology list. Its unique narrative (conversational and lively), accessible reading level, coverage of First Nations issues, and compact yet comprehensive coverage make it an engaging introductory volume for students studying introductory sociology.

Sociology 3e / Making Sense in the Social Sciences Pack

Elements of Sociology

The essence of sociology lies in the sociological imagination. Sociology in Action: A Canadian Perspective, Third Edition, articulates the importance of developing a sociological imagination and highlights the tools that are necessary to develop that skill: empirical research methods that create verifiable knowledge, sociological theories that explain that knowledge, and critical thinking that enables us to evaluate and to extrapolate from that knowledge. By the time students have completed this text, they will be better equipped to engage in effective social action in the context of their families, communities, and professions, as well as in the context of larger social problems such as social inequality and environmental degradation. With their signature passion and Sociological Toolkit, Diane Symbaluk and Tami Bereska have created a text that will inspire 21st-century learners to become active and informed citizens.

Sociology

Sociology of Education 2e offers a well-rounded introduction to the sociological understanding of education,
analysing key debates and issues with reference to critical research and theories of education. The book includes a sociological analysis of education in Canada, theories of education, historical and organizational dimensions of Canadian education, the politics of teaching, as well as educational opportunity, and social reproduction. Throughout the book, formal education is presented as a contested and contradictory endeavour that contributes to the reproduction of social inequality at the same time it offers possibilities for social justice and change.

**Seeing Ourselves: Classic, Contemporary, and Cross-cultural Readings in Sociology**

Now in its fourth edition, Principles of Sociology remains the most concise yet comprehensive introduction to sociological theory and Canadian society. This text offers students an accessible approach to the core concepts and theories of sociology, and brings these principles to life with its discussions of cutting-edge research, historical developments, contemporary movements, and numerous Canadian and international examples.

**Sociology in Our Times**

Refreshingly succinct and engaging, Family Matters is a comprehensive introduction to family sociology in Canada. The book has a strong focus on contemporary Canadian theory and research on a wide variety of substantive issues relevant to the lives of students from diverse family backgrounds. This second edition is broadly organized into three interrelated areas: conceptualizing and studying continuity, diversity, inequality, and social change in families; the life course dynamics of families across the generations; and social policy responses to critical issues facing families today. Family Matters has been thoroughly updated with the most current statistical information available on family trends; expanded coverage of numerous topical areas, such as families dealing with disability and the consequences of the recent global economic meltdown on families; and more examples from today's news headlines and contemporary family-related events. Features: every chapter contains a summary, critical reflection questions, a glossary, lists of suggested multimedia resources, and recommended exercises and activities; a vast array of course supplements available, including innovative lists of sources for building case studies, suggested assignments and in-class activities, a sample syllabus, links to online teaching resources, PowerPoint slides, and high-resolution images from the text that can be used in
the classroom draws on current statistical information on family trends and examples from today's news headlines.

**A Good Book, In Theory**

This new edition of Staying Alive provides readers with a fresh perspective on health, health care, and illness in Canada and abroad. Grounded in a human rights approach to health, this edited collection includes chapters on the social construction of illness and disability, social determinants of health, and current critical issues in the field. The third edition has been thoroughly updated and includes recent national and international developments in health care, with current world statistics and an emphasis on austerity-related changes and their effects on health and health care systems. It includes chapters on pharmaceutical policy, social class, women’s health, and the impact of economic forces such as globalization and privatization in health care.

**Liberation Sociology**

Introduction to Sociology 2e adheres to the scope and sequence of a typical, one-semester introductory sociology course. It offers comprehensive coverage of core concepts, foundational scholars, and emerging theories, which are supported by a wealth of engaging learning materials. The textbook presents detailed section reviews with rich questions, discussions that help students apply their knowledge, and features that draw learners into the discipline in meaningful ways. The second edition retains the book's conceptual organization, aligning to most courses, and has been significantly updated to reflect the latest research and provide examples most relevant to today's students. In order to help instructors transition to the revised version, the 2e changes are described within the preface. The images in this textbook are grayscale. Authors include: Heather Griffiths, Nathan Keirns, Eric Strayer, Susan Cody-Rydzewski, Gail Scaramuzzo, Tommy Sadler, Sally Vyain, Jeff Bry, Faye Jones.

**Children in Canada Today**

[link](http://www.oupcanada.com/ebook/steckley/index.html)
Acclaimed by instructors and students alike for its fresh, innovative approach to the discipline, Elements of Sociology is back and better than ever in this brand new third edition. Narratives, anecdotes, and a wealth of examples and illustrations challenge students to think differently not only about sociology, but also about the social world that surrounds them.
